This executive summary of the School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of school accountability. The data presented in this report are reported for the 2009-10 school year, except the School Finances and School Completion data that are reported for the 2008-09 school year. For additional information about the school, parents and community members should review the entire SARC or contact the school principal or the district office.

About This School

Flying Hills School is a kindergarten through 6th grade elementary school located in El Cajon, California. Our student enrollment is approximately 500 students. Flying Hills is also the location of the Cajon Valley Union School District's FAME (Fine Arts Magnet Education) program since 1981 which serves 3rd-6th grade students. During the 2009-2010 school year Flying Hills received its second designation as a California Distinguished School.

Our mission is to provide all students with a safe, secure, positive, reinforcing, nurturing, orderly environment and equal access to a balanced curriculum, including the fine arts. We strive to foster positive attitudes toward school, peers, and community while equipping students with conflict resolution techniques designed to enhance their problem solving skills. We are dedicated to providing a self-motivating, creative learning environment where teacher and students can cultivate a desire for and love of learning. Students are provided opportunities to develop the special academic and social skills necessary to become responsible citizens, while at the same time, students are encouraged to express and demonstrate their uniqueness. Parents and teachers are encouraged to be partners in the learning process and in providing a quality education.

School Accountability Report Card

Reported Using Data from 2009-10 School Year

Published During 2010-11

The School Accountability Report Card (SARC), which is required by law to be published by February 1 of each year, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE [DataQuest](#) Web page that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., Academic Performance Index [API], Adequate Yearly Progress [AYP]), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2009-10)

This section provides information about the school, its programs, and its goals.

Flying Hills School is a kindergarten through 6th grade elementary school located in El Cajon, California. Our student enrollment is approximately 500 students. Flying Hills is also the location of the Cajon Valley Union School District's FAME (Fine Arts Magnet Education) program since 1981 which serves 3rd-6th grade students. During the 2009-2010 school year Flying Hills received its second designation as a California Distinguished School.

Our mission is to provide all students with a safe, secure, positive, reinforcing, nurturing, orderly environment and equal access to a balanced curriculum, including the fine arts. We strive to foster positive attitudes toward school, peers, and community while equipping students with conflict resolution techniques designed to enhance their problem solving skills. We are dedicated to providing a self-motivating, creative learning environment where teacher and students can cultivate a desire for and love of learning. Students are provided opportunities to develop the special academic and social skills necessary to become responsible citizens, while at the same time, students are encouraged to express and demonstrate their uniqueness. Parents and teachers are encouraged to be partners in the learning process and in providing a quality education.

Opportunities for Parental Involvement (School Year 2009-10)

Parent Participation

Successful education requires a strong partnership between parents and the school. To foster this partnership, we encourage parents to be involved in their child's education through regular communication with teachers and school staff. While parent conferences are held in November, we encourage you to talk with your child's teacher throughout the year. You can assist your child's progress by monitoring class work, providing a structured time for homework, reviewing progress reports, and becoming involved in school activities.

The following District and site committees are designed to foster parent involvement:

District Committees:

Superintendent's Citizen's Advisory Council (SCAC) – Parent representatives from each school meet monthly with the Superintendent to receive information and give input about activities at the schools.

Superintendent's Budget Advisory Council (SBAC) – This council includes parents, staff, and community members who meet to discuss budget priorities for the coming year that will later be presented to the Governing Board.

District English Learner Advisory Committee (DELAC) – This committee meets monthly and provides opportunities for representatives from each school with an English Learner Advisory Committee to learn about District and state programs for English learners.

Gifted and Talented Education (GATE) Task Force – Parent and teacher representatives from throughout the District meet to review the GATE Program and make recommendations to strengthen GATE offerings.

Learning Environment Task Force – This committee monitors a comprehensive plan that maximizes facility use and improves the quality of program offerings at the school. Parents and staff meet quarterly.

School Site Committees:

School Site Council (SSC) – Each school has a School Site Council that meets at least five times during the year and is comprised of parents, staff, and the principal. The School Site Council makes decisions for the school through the development and implementation of the Comprehensive School Plan for Student Achievement. The SSC approves categorical budget expenditures focused on improving student achievement.

FAME Booster Club- The FAME Booster Clubs allows opportunities for parents to participate not only in fundraising but in the many genres of the fine arts program. Examples include costume and set design, back stage help, organizing special events, field trips and activities to promote the fine arts at Flying Hills school.

English Learner Advisory Committee (ELAC) – This committee, comprised of parents of English learners, advises principals on the instructional program for students who are learning English.

School Events:

Each Year the Flying Hills parents are invited to Curriculum Night at the beginning of the school year and Open House in April. Other parent and student events include the Fall Festival, Lunch with Dad, Bike Rodeo, Talent Show, Book Fair, Jog-a-thon, Santa Shop, Father Daughter Dance, and Monthly Peace Builder Awards assemblies. In addition, there are many performances presented for parents including a kindergarten Patriotic Assembly, Instrumental Music Performances and numerous FAME (Fine Arts Magnet Program) shows for parents of 3rd – 6th grade students.

Parent Education:

The District promotes parent education through collaboration with Adult Education, site-based parent education sessions, Title 1 and Bilingual Program offerings, and the San Diego County Office of Education sponsored conferences. In addition, the District sponsors Community Based English Tutoring (CBET) which provides free English language instruction to parents and members of the community who do not speak fluent English. Adult participants pledge to provide English language tutoring to District students. Parents in the CBET program also receive instruction on effective tutoring through training sessions given by consultants.

Site categorical funds are also allocated for Parent In-services and conferences pertaining to English Learner needs, such as CABE, the new math curricula and the Accelerated Reader program.

IV. School Facilities

School Facility Conditions and Planned Improvements (School Year 2010-11)

This section provides information about the condition of the school's grounds, buildings, and restrooms based on the most recent data available, and a description of any planned or recently completed facility improvements.

General

The District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the Facilities, Maintenance and Operations office.

Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Facilities Description

This school has 22 permanent classrooms and 5 portable classrooms, a library, a multipurpose room, and an administration building. The main campus was built in 1959 and modernized in 1996. Proposition D funds were used to build a new addition to the school's multipurpose building.

Maintenance and Repair

District maintenance staff ensure that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

The school is cleaned every third night by a three-person cleaning crew. Work performed includes: sweeping, vacuuming, and mopping floors, emptying trash, cleaning sinks, filling dispensers, and dusting rooms, as scheduled. Grounds are maintained by a groundskeeping crew. There is on full-time day custodian. The day custodian is responsible for daily restroom cleaning, cleaning eating and food preparation areas, daily grounds clean up, minor facility repairs, and special emergency clean ups. Carpets are shampooed and tile flooring is cleaned and refinished every winter, spring, and summer break. A thorough deep cleaning of all areas is done every summer. District administration works daily with custodial and grounds supervisors to ensure a clean, safe school.

Deferred Maintenance Budget

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior paint, and floor systems. The deferred maintenance program budget for the 2010-2011 school year includes a contribution of \$265,000 from the District's general fund.

School Facility Good Repair Status (School Year 2010-11)

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status. Inspection was completed on June 18, 2010 using the Facility Inspection Tool (FIT).

Item Inspected	Repair Status				Repair Needed and Action Taken or Planned
	Exemplary	Good	Fair	Poor	
Systems: Gas Leaks, Mechanical/HVAC, Sewer	N/A	99.14

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2009-10)

This table displays the percent of classes in core academic subjects taught by Highly Qualified Teachers as defined in the Elementary and Secondary Education Act (ESEA), in a school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low poverty schools are those with student eligibility of approximately 25 percent or less in the free and reduced price meals program. More information on teacher qualifications required under the ESEA can be found on the CDE Improving Teacher and Principal Quality Web page at <http://www.cde.ca.gov/nclb/sr/tq/>.

Location of Classes	Percent of Classes In Core Academic Subjects	
	Taught by Highly Qualified Teachers	Not Taught by Highly Qualified Teachers
This School	100.0	0.0

VI. Support Staff

Academic Counselors and Other Support Staff (School Year 2009-10)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor	0	0
Counselor (Social/Behavioral or Career Development)	0	N/A
Library Media Teacher (librarian)	0	N/A
Library Media Services Staff (paraprofessional)	0.30	N/A

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2009-09)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found on the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/> and teacher salaries can be found on the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Types of Services Funded (Fiscal Year 2009-10)

This section provides information about the programs and supplemental services (e.g., information about supplemental educational services related to the school's federal Program Improvement status) that are available at the school and funded through either categorical or other sources.

A variety of supplemental services are available at Flying Hills School, funded by the school's categorical budgets: Title II, Title III, ELAP, and Economic Impact Aid. These extra support services include alternative core reading programs, before and/or after school academic programs, in classroom assistance, or small group tutoring during the instructional day. In addition to the classroom teacher, instructional services are delivered by English language development assistants and special education classroom assistants.

In addition to academic supplemental services, Flying Hills School offers support programs for students and families. Character education is promoted through the school wide Peace Builders Program.

Teacher and Administrative Salaries (Fiscal Year 2008-09)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size based on the salary schedule. Detailed information regarding salaries may be found on the CDE [Certificated Salaries & Benefits](#) Web page.

Category	District Amount	State Average For Districts In Same Category
Beginning Teacher Salary	\$38,372	\$41,988
Mid-Range Teacher Salary	\$65,675	\$68,649
Highest Teacher Salary	\$94,456	\$87,156

Percent of Budget for Administrative Salaries	5.20 %	5.50 %

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The assessments under the STAR program show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven. The CAPA includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA is an alternate assessment that is based on modified achievement standards in ELA for grades three through nine, mathematics for grades three through seven and Algebra I and science in grades five, eight, and ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. On each of these assessments, student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE Standardized Testing and Reporting (STAR) Results Web site at <http://star.cde.ca.gov>. Program information regarding the STAR Program can be found in the Explaining 2009 STAR Program Summary Results to the Public guide at <http://www.cde.ca.gov/ta/tg/sr/documents/pkt5intrpts09.pdf>.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Standardized Testing and Reporting Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

California Physical Fitness Test Results (School Year 2009-10)

The California Physical Fitness Test is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found on the CDE [Physical Fitness Testing \(PFT\) Web page](#).

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Grade Level	Percent of Students Meeting Healthy Fitness Zones		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	5.1	30.8	43.6

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found on the CDE Academic Performance Index (API) Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2007	2008	2009
Statewide	7	6	7
Similar Schools	2	3	4

Academic Performance Index Growth by Student Group – Three-Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years. Note: "N/A" means that the student group is not numerically significant or data were not available.

Group	Actual API Change

Adequate Yearly Progress

The federal Elementary and Secondary Education Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation Rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found on the CDE [Adequate Yearly Progress \(AYP\) Web page](#).

Adequate Yearly Progress Overall and by Criteria (School Year 2009-10)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	Yes	No
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	Yes	No
Percent Proficient - Mathematics	Yes	No
API	Yes	Yes
Graduation Rate	N/A	N/A

Federal Intervention Program (School Year 2010-11)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found on the CDE [Adequate Yearly Progress \(AYP\)](#) Web page.

Percent of Schools Currently in Program Improvement	N/A	41.4

XI. Instructional Planning and Scheduling

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Each year, teachers and support staff participate in professional development, as indicated in the Comprehensive School Plan for Student Achievement and the District Strategic Plan. Priorities are established for teacher and staff training using data from teacher surveys, observations of instruction, and student achievement. Sessions help teachers to implement the adopted standards-based textbooks. Teachers requiring additional certifications are enrolled in appropriate programs.

Staff members participate in workshops offered within the District or sponsored by the San Diego County Office of Education. Others attend classes provided at local universities or through on-line resources.

An online calendar is distributed that includes all the Cajon Valley Union School District and San Diego County Office of Education offerings for the year. Teachers who attend workshops during the year share curricular information and teaching techniques with other teachers.

-Professional development is available for certificated personnel as well as classified staff members who work with students. Site categorical fund expenditures must be approved by the School Site Council.

-Professional development opportunities are offered during the summer as well during the school year. Full day release and after-school workshops and trainings are available.

Using state Buy-back funds during 2007-2008, teachers were eligible for 3.5 hours of professional development. Although the buy-back funding was suspended in 2008-2009, categorical funds provided 2 days of professional development during that year. In 2009-2010, categorical funding was used to support a total of 8 days of professional development throughout the year.
